RUBY LOGISITCS

Information Brochure

"WE DELIVER FAITH."

Ruby Group of Companies

Ruby Logistics is a trusted name in integrated logistics and supply chain solutions, delivering reliable and efficient services across India. With a strong operational presence in **Aurangabad, Pune, Jalgaon, Mumbai, and Waluj**, we have built a well-established network and a robust fleet that ranks among the most dependable in the Marathwada region.

Operating for **over four decades**, Ruby Logistics has a strong legacy in the transportation and logistics sector. While the business has operated under **different firm names over the years**, it has always remained a family-run enterprise, steadily evolving into a dynamic and diversified logistics group. Through consistent performance, ethical business practices, and customer-centric operations, we proudly serve **eight reputed corporate clients**, with our business growing steadily year after year.

Operating under our group entities — **Ruby Traders, Expert Logistic Services, and Ruby Builders & Developers** — our diversified operations include:

- Freight Forwarding & Transportation Services
- Clearing & Forwarding (C&F) Agency Operations
- Cement Distribution & Supply Chain Management
- Specialized Logistics for the Beer Industry
- Real Estate Development

Our Strengths & Strategic Advantages

At Ruby Logistics, our operational excellence is driven by experience, infrastructure, and a strong commitment to customer success.

1. Robust & Scalable Fleet Infrastructure

We operate a well-maintained and scalable fleet capable of handling bulk consignments, high-volume distribution, and time-sensitive cargo. Our fleet strength enables us to ensure consistent service reliability across regions.

2. Strong Regional Presence with Nationwide Reach

With deep-rooted expertise in Marathwada and a growing pan-India network, we combine local market understanding with seamless national connectivity.

3. Highly Experienced Leadership

Led by seasoned and hands-on partners with decades of industry experience, our management team ensures operational precision, strategic growth, and strong client relationships.

4. Transparency & Ethical Business Practices

We believe in maintaining complete transparency in transactions, documentation, and communication — building long-term trust with our clients and partners.

5. Technology-Driven Operations

We leverage modern tracking systems (GPS and fuel sensors) and process-driven logistics management to enhance efficiency, monitoring, and real-time coordination.

6. Timely & Reliable Deliveries

Time commitment is central to our operations. Our structured planning and execution processes ensure consistent, on-schedule deliveries.

7. Emergency Response & Operational Support

We provide proactive support during urgent and critical situations, ensuring uninterrupted supply chain operations for our clients.

8. Customer-Centric Approach

Customer satisfaction is the cornerstone of our growth. We tailor solutions to meet diverse client requirements across different sectors of the transport and logistics industry.

9. Strategic Expansion & Market Diversification

We continuously explore new geographies and operational segments, expanding our footprint into untapped markets while strengthening existing business verticals.

10. Comprehensive Transport Solutions

From freight forwarding and C&F operations to sector-specific logistics in cement and beverages, we cater to the entire cross-section of the transport and supply chain ecosystem.

We specialize in providing customized logistics solutions, particularly for the **Cement and Beer industries**, where operational precision, storage management, and timely distribution are critical.

Our deep understanding of sector-specific logistics challenges allows us to deliver seamless supply chain solutions tailored to client requirements.

Our Vision

To become one of the most reliable and innovative logistics partners in India by continuously enhancing operational excellence, expanding our network, and delivering value-driven services.

Why Choose Ruby Logistics?

At Ruby Logistics, operational reliability and compliance form the foundation of our service excellence. Our infrastructure and systems are designed to ensure safety, efficiency, and uninterrupted operations.

1. Fully Compliant Fleet

All our vehicles are duly registered with the appropriate transport authorities and authorized for commercial operations, ensuring complete regulatory compliance.

2. Certified & Insured Operations

Every vehicle in our fleet is fully certified and covered under comprehensive insurance policies, safeguarding cargo, assets, and client interests at all times.

3. In-House Maintenance & Workshop Facility

We maintain a dedicated in-house workshop supported by skilled mechanics to ensure our vehicles remain in optimal working condition. Preventive and routine maintenance is carried out systematically to minimize breakdowns and operational delays.

4. Dedicated Spare Parts Inventory

Our own inventory of essential spare parts enables quick replacements and timely servicing, significantly reducing downtime and ensuring continuity of business operations.

5. GPS-Enabled Real-Time Tracking

All vehicles are equipped with advanced GPS tracking systems, allowing real-time monitoring and enhanced route management. This ensures transparency, security, and improved delivery timelines.

6. Digitized & System-Driven Operations

Our operational data is fully computerized, monitored, and updated on a daily basis. This enables efficient coordination, accurate reporting, and better decision-making.

About Partners

Ruby Logistics is led by a dynamic team of experienced partners who combine decades of industry knowledge with modern business practices. Their collective expertise ensures strong leadership, operational excellence, and sustained growth.

Ravinder Singh Tuteja

With over **45 years of experience** in the transportation sector, Mr. Ravinder Singh Tuteja has been instrumental in building the foundation of the business. He successfully managed operations through market vehicles and established a strong reputation in the industry. Although now retired from active operations, he continues to provide valuable guidance and strategic insights whenever required.

Ranjeet Pal Singh Tuteja

Bringing more than **40 years of experience**, Mr. Ranjeet Pal Singh Tuteja specializes in vehicle maintenance and workforce coordination. His expertise ensures smooth collaboration between drivers, helpers, and support staff, maintaining operational efficiency and timely vehicle movement.

Gurvinder Singh Tuteja

With **35 years of rich industry experience**, Mr. Gurvinder Singh Tuteja oversees the overall logistics operations of the organization. He ensures efficiency, timeliness, and seamless day-to-day functioning of business activities. In addition to logistics, he plays a key leadership role in real estate and land development projects, providing strategic direction and effective execution**.**

Jaspreet Singh Tuteja

With **18 years of hands-on experience**, Mr. Jaspreet Singh Tuteja manages vehicle sourcing to meet daily operational requirements and business targets. He also oversees office administration, accounts management, and implementation of modern systems to maintain structured, transparent, and efficient business operations.

Maninder Pal Singh Tuteja

With over **18 years of experience**, Mr. Maninder Pal Singh Tuteja focuses on vehicle maintenance and operational continuity. He works closely with mechanics, drivers, and staff to ensure the fleet remains in optimal condition. Additionally, he actively supervises real estate and land development projects on a day-to-day basis.

Ravjyot Singh Tuteja

Having joined the business **4 years ago**, Mr. Ravjyot Singh Tuteja brings fresh energy and a progressive outlook. He plays an important role in route planning and operational viability, ensuring efficient fleet utilization. He has also contributed to modernizing the fleet by phasing out older vehicles, introducing new assets, and implementing updated technologies to enhance service quality and reliability.

Avjeet Singh Tuteja

Avjeet Singh Tuteja, a qualified Chartered Accountant, joined the business recently and oversees spare parts procurement, inventory management, and statutory compliances including Income Tax, GST, and accounting. He ensures timely tax payments, accurate financial reporting, and adherence to regulatory requirements.
